

# Smithers Telkwa Rural Official Community Plan Bylaw No. 1704, 2014 SCHEDULE "C" - ECOLOGICAL AND WILDLIFE VALUES MAP

<b>Legend</b>		<b>Order in Council Reserve &amp; Notation of Interest</b>		<b>Sensitive Ecosystems</b>		<b>Other Features</b>		<b>Transportation</b>	
<b>Critical Fish-Stream Reach Inventory (Ranking)</b>		Fisheries Sensitive Watershed	Black cottonwood - red oler dogwood - prickly rose on high, medium or low bench floodplains SBS dk/08 (TEM code: CD)	District Lots	Dry southwest-facing slopes with Saskatoon-Slender wheatgrass scrub/sagepe/SBSdk/81, or ICHmc2/81 (TEM code: SW)	Parcels	Roads	Ferry	Railways
0 - Unknown Habitat Value (no or insufficient data)	Ungulate Winter Range	Elk Habitat Range	Dry, mesic or moist grassland or meadows on inactive fluvial deposits. All zones, currently unclassified (TEM code: CA, AM, BWx)	Municipalities / First Nations Reserves	Mesic to moist south-west facing meadows and grasslands SBSdk/01 & /08 seral associations, SBSdk/82 (TEM code: CA or BW)	Electoral Area "A" Boundary	Lakes/Rivers		
1 - Known Critical Habitat	Deer Winter Range Boundary	Deer Winter Range	Miscellaneous Noteworthy Plant Populations and Communities	Lakes/Rivers	White spruce - horse tail forest on high or medium bench floodplains or adjacent to wetlands SBSdk/07a or b (TEM code: SH)				
2 - Known High Value Habitat	Lower Value Deer Winter Range	Moderate Value Deer Winter Range	primarily Black cottonwood - red oler dogwood middle fluvial bench CWHws2/08 (TEM code: CD)		primarily Sitka spruce - salmonberry high fluvial bench CWHws2/07 (TEM code: SS), also includes low and medium bench floodplains				
3 - Potentially Critical/High Value Habitat (unsampled or sampled reaches)	High Value Deer Winter Range	Agricultural Development Area	Bulky Valley Land and Resource Management Plan Ecosystem Network		Core Ecosystem				
4 - Likely not Critical or High Value (based on existing data and gradient)	Wildlife Habitat Management Area	Wildlife Habitat	Enhanced Timber Zone		Landscape Corridor				
<b>Critical Fish-Lake Reach Inventory (Ranking)</b>	0 = Unknown Habitat Value	Caribou							
1 = Known Critical Habitat	1 = Known Critical Habitat	Mountain Goat							
2 = Known High Value Critical Habitat	2 = Known High Value Critical Habitat	Grizzly Bear							
<b>Water Features</b>	Seymour Unique Riparian Zone	GBA							
Lakes	Lakes	Moose							
Lake < 2 ha	Lake < 2 ha	Moose and Mule Deer							
Marsh	Marsh								
Reservoir	Reservoir								
River	River								
Swamp	Swamp								

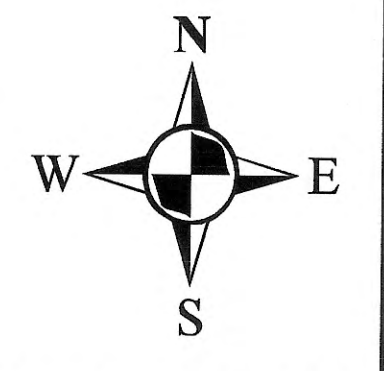

Produced by the Regional District of Bulkley-Nechako

I hereby certify that this is Schedule "C" of Bylaw No. 1704, 2014
