

# Evacuation & Emergency Support Services

Once evacuated, head to the Emergency Reception Centre listed on the Evacuation Order.

For 72 hours after evacuation, Emergency Support Services (ESS) can assist those without insurance with:

Accommodation

Food

Incidentals

Clothing

Emergency Reception Centres can be used as an Information Centre as well.

Take a look around and gain additional insight into emergency updates, available resources, family reconnection services, cultural services, first aid, and mental health support.

Supports may be extended longer than 72 hours.
